

OUR VALUES:

BELONGING

Girls should feel a sense of belonging, support and connection.

TRUST

A respect for the mentors/advisors whose responsibility is to act as a trusted confidante.

EMPOWERMENT

Enabling the girls to make a positive change in their lives.

INTEGRITY

Acting in the best interest of the girls and their Mentors/Advisors.

GROWTH

Ultimate happiness through growth of self for the greater good of the larger community.

EXCELLENCE

High standards are the aim and expectation in everything we do.

PERSONAL SATISFACTION

Mentors/Advisors also benefit from the mentorship relationship. They find fulfilment in helping the next generation of female leaders succeed. By sharing their knowledge, expertise and experience, mentors can have a positive impact on the lives of the girls. Mentors have the opportunity to give back to the community, which can be personally rewarding.

In addition, Mentorship provides an opportunity to build a stronger, more vibrant community.

MISSION:

Transforming lives of girls who deserve an equal opportunity to be the best version of themselves, through Mentorship, Advocacy and Service.

To educate, inspire and empower girls with purpose and create positive change in their lives.

TO DREAM BIG...

Every girl deserves the chance to live a life worthy of her dreams.

We achieve this goal through providing comprehensive programs and services to elevate the entire community.

We envision a safe community that is healthy and vibrant.

OVERVIEW:

Our school-based mentoring/enrichment program for girls in the East Ramapo Central School District in middle schools through high schools, will provide support for girls who benefit from a positive role model to unlock their potential.

Our mentors/advisors are strong, outstanding professionals and influential leaders in the community, business, entrepreneurship, government, academia, civic and cultural associations.

Our program connects girls with these experienced female mentors who will offer guidance, advice and support that helps them with personal development.

By providing a safe and supportive environment, mentors will help the girls gain increased confidence, build, and achieve self esteem.

An essential component of the mentoring relationship includes creating caring, empathetic, consistent and long lasting relationships.
